PACK SMART

Protect yourself from the elements – and excess baggage charges – with an ultra-smart, ultra-warm Ultra Light Down Parka filled with 90 per cent down and 10 per cent feather. Choose from a rainbow of vivid colours to stand out and stay stylishly bundled up without extra bulk. It packs away in a clever, compact pouch for super-easy travel or trouble-free storage and its advanced material sheds water, making it perfect for use in light rain.

FASHION FOUNDATIONS

On a winter holiday, you want to build a snowman – not look like one. Keep your style streamlined by layering with Uniqlo's Heattech range, using unique, heat-retaining technology from Japan. The range includes leggings, feminine camis and scoop-neck Ts whose comfortable, close-body fits look just as good as outerwear or as an extra toasty, "hidden" layer.
